TESTEX – your strong partner for textile expertise

TESTEX is a leading institution for testing and certifying textiles and related products. With extensive expertise, many years of experience and technical know-how we have set ourselves the target of supporting our customers on the path to high-quality textile products.

Only if you know where you've come from do you know where you're going

The «Seidentrocknungs-Anstalt Zürich», established in 1846, has developed into an organisation operating worldwide with more than 20 offices and some 200 employees. The impressive corporate history of the TESTEX Group, including OETI GmbH, is based on the highest quality standards, a wide range of services and the trust and success of our customers.

Our core values – the guiding principles for everything we do

The combination of the core values of tradition, Swissness, innovation and sustainability makes TESTEX a reliable partner with the highest quality standards, a pronounced service focus and a high level of advisory expertise.

Tradition

Established in 1846, TESTEX is one of Switzerland's oldest companies.

Swissness

Switzerland has always stood for precision, reliability, accuracy and quality. As a Swiss company with a long tradition, TESTEX reflects exactly these attributes.

Innovation

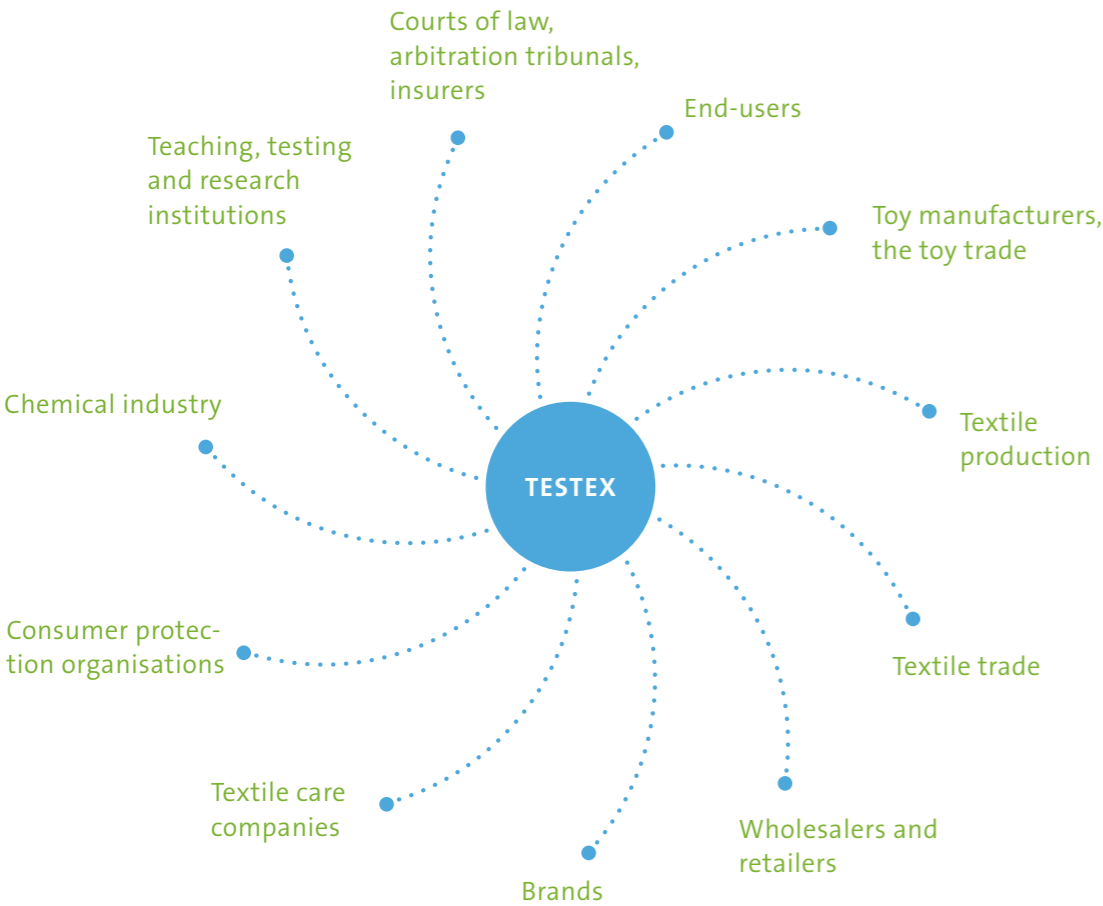

TESTEX devotes considerable innovative energy to its services and products in order to satisfy the growing demand.

Sustainability

Sustainability, transparency and ethical standards are core principles to which TESTEX is committed. With its testing and certification services TESTEX supports manufacturers, suppliers, dealers, brands and end-users. We thus assume responsibility towards society and the environment – now and in the future.

Our customer segments in summary

Just like the TESTEX group, our customer segments have also grown over the course of time. In the process we always place our customers at the centre of everything we do. Our goal is to contribute in developing products which meet the growing demands of consumers, manufacturers, suppliers and the environment through the highest certification quality.

Quality that deserves recognition

STANDARD 100 by OEKO-TEX®

TESTEX has been a member of the OEKO-TEX® association since 1993. The STANDARD 100 by OEKO-TEX® label distinguishes textile raw, intermediate and end products at all processing stages which have been tested for contaminants.

- ✓ Testing and certification system for all textile processing stages
- ✓ Verification of more than 300 harmful substances
- ✓ Leading textile standard recognised worldwide

STeP by OEKO-TEX®

STeP by OEKO-TEX® certifies production facilities with environmentally friendly production processes and socially acceptable and safe working conditions along the entire textile chain.

- ✓ Evaluation of sustainable production conditions
- ✓ Independent certification system featuring 6 modules
- ✓ Transparent scoring system

MADE IN GREEN by OEKO-TEX®

MADE IN GREEN by OEKO-TEX® distinguishes consumer products and semi-finished goods at all stages of the textile chain, which are clearly traceable on the basis of a unique product ID. It assumes the following criteria:

- ✓ Made with materials tested for harmful substances
- ✓ Made in environmentally friendly facilities
- ✓ Made in safe and socially responsible workplaces

ECO PASSPORT by OEKO-TEX®

ECO PASSPORT by OEKO-TEX® is a testing and certification system for textile chemicals, colorants and auxiliaries which supports sustainable chemical management and goes beyond legal requirements.

- ✓ Independent, two-stage verification process
- ✓ Transparent and easy-to-follow evaluation process
- ✓ Publication of the certified products on the OEKO-TEX® web portal

PPE Certification

Personal protective equipment (PPE) which is intended for sale in Switzerland and the EU must comply with the applicable safety requirements. The tested and certified clothing may be branded with the CE label of conformity and sold throughout Europe, and conforms to statutory requirements (Product Safety Regulations / EU Directive 89/686/EEC).

- ✓ Independent and neutral verification
- ✓ Type examination valid throughout Europe
- ✓ Accredited conformity assesment body (SCESp 0096 / Notified Body 1726)
